

Dear Parents / Carers,

I would like to wish you and the children a very warm welcome back from the Easter period and I hope you all had an enjoyable time.

On the reverse of this letter you will find the subjects that Year 5 are covering during the Summer Term. The themed topic is 'The Ancient Greeks'. This will form the basis for a variety of curricular links in English, Maths, Science and Topic etc. My last day with the class will be on May 4th working towards this period I will be team teaching (with Mr Wadsworth the new class teacher) up until this day to make sure the class transition smoothly and with as little distraction as possible.

The children will have class PE on Thursdays. This term's PE will be swimming at Stratford Park. Outdoor games will continue to be on Friday. I would be extremely grateful if you could remind the children to have the appropriate kit in school. Especially having a spare pair of socks and appropriate footwear. This is due to the whole school beginning to participate in a daily mile challenge. A copy of the Year Five subject timetable will be made available on the school's website.

English and Maths Homework will be continue to be given out on Mondays and will be expected to be handed in on the Thursday. Spellings will also be handed out on Monday with the expectation to be learnt for a test the Friday. Supporting and encouraging your child/children to start their homework sooner rather than later will enable us time to sort out any problems that may arise.

If you have anything to discuss with me, please feel most welcome to make an appointment for a chat. I have an open door policy and want you to feel welcome to speak to me at any time.

Kindest regards,

Fred Fraser

Y5 Teacher
